

EXPO 2020 CHAMPIONS

MAY CHALLENGE

OBJECTIVE

To explore innovations showcased at past World Expos and envision the futuristic impact they will have on the world.

STEPS TO FOLLOW:

1. Choose an innovation from the list provided or research your own innovation from past World Expos.
2. Develop an infographic about your chosen innovation exploring the below questions:
 - What did people use before this innovation?
 - How did this innovation change the world? What challenges did it help overcome?
 - What feature can you add to this innovation to make it futuristic and serve more than one purpose?
3. Share snapshots of your infographic with an exciting message on what innovations you expect to see at Expo 2020 Dubai. Remember to tag us **@expo2020schools #Exposchoolprogramme**
