EXPO SCHOOL PROGRAMME

World Expos are open for everyone to enjoy and learn from. Expo 2020 Dubai wants to ensure that school students are a part of this World Expo, and hence have an entire team catering to schools. The Expo School Programme team is dedicated to engaging with the UAE’s school community to involve them in the journey to Expo 2020.

The Expo School Programme aims to make the next World Expo meaningful to educators and students alike. We are directly engaging with teachers and students to help them explore Expo 2020’s vision inside and outside the classroom as schools are integral to the success and legacy of the Expo.

At the Expo in 2020, there will be four unique journeys designed to inspire the UAE school community through fun and transformative learning experiences. This is to ensure that students make the most out of this once-in-a-lifetime opportunity.
THE UNIVERSE IN MOTION

Human progress through physical and digital realms

Students will get to travel through the past, present, and future of movement from ancient exploration to artificial intelligence. On this journey, students will discover evolution through the physical and digital realms.

The journey could include a visit the Mobility Pavilion aboard the world’s largest elevating platform, which takes students to the House of Wisdom in ninth-century Baghdad before they head on to meet nine-metre-tall historical giants of Mobility.

Students will leap forward in time to enter a virtual world brimming with data, then step into the city of tomorrow. They may even be served by a robot or drone waiter along the way...

THE UNIVERSE IN MOTION

LEARNING OBJECTIVES:

1. Trace and learn about the movement and progress of people, goods, and ideas within the physical and digital realms.
2. Venture across time and space to explore the dynamic universe, smart machines, and the technological link between humanity’s past, present, and future.
3. Reflect on the ways through which people, goods, and ideas, move, and what it all means.
The Sustainable Planet

The future of our planet hangs in the balance - here's where you come in

How will our environmental choices today affect the world tomorrow? This journey may include a visit to the Sustainability Pavilion where students can tip toe underneath a dense forest, risk the planet's future in a game of high-stakes pinball, and meet a giant fish concerned about the plastic waste in its ocean home.

Despite the madness of human consumption and the harm we're causing the environment, it's not too late for us to save the world.

Students will discover the innovative global projects that are creating new paths of sustainability, and pledge to help preserve our planet for future generations.

LEARNING OBJECTIVES:

Through 'The Sustainable Planet' journey, students will:

1. Uncover the hidden treasures of our natural world, and see humanity’s effects on the environment.

2. Discover and learn about the applications of innovative technology in the field of global sustainability.

3. Reflect on the importance of and identify individual actions that can help with re-balancing the earth for a brighter future.
THE LEGACY OF THE UAE

Introducing the world to the nation’s rich culture and bright future

Students will discover more about the UAE’s rich culture and heritage as well as its plans for a brighter future. They will also see the mesmerising architecture of the UAE pavilion, designed in the shape of a falcon in flight.

The pavilion will tell the history of the nation as a connected global hub, and the vision of its leaders to create a peaceful and progressive society with ambitious plans for the future.

LEARNING OBJECTIVES:

Through ‘The Legacy of UAE’ journey, students will:

1. Explore the UAE throughout time, from the past, to the present, leading into an incredible vision for the future.

2. Discover the unique treasures that lie within the UAE’s culture and heritage.

3. Reflect on the importance of unity, collaboration and innovation, in the accelerated progress and development of a young nation.

أهداف التعليم:

رحلة “إرث دولة الإمارات العربية المتحدة” تسعى من خلالها إلى تشجيع الطلاب على:

1. الخوض في رحلة استكشافية للتعرف على عراقة تاريخ دولة الإمارات على مر الزمن من الماضي إلى الحاضر، والرؤية الاستشرافية للمستقبل.

2. التعرف على أغنى كنوز دولة الإمارات متمثلةً بتقافة وتراث إجاداتها العريق.

3. التأمل في أهمية الاتحاد والتعاون والإبداع ودورهم في تسريع تقدم وتطور هذه الأمة البارزة.
THE WORLD OF OPPORTUNITIES

Play your part in the future of humanity

Students will discover how to unlock opportunities and learn about new ideas that will inspire them to act.

They may also get inspired by the Opportunity Pavilion where they will witness the real impact of their actions and see how they can become positive agents of change in their own communities as the experience will unveil how individual decisions can impact global causes.

LEARNING OBJECTIVES:

Through “The World of Opportunities” journey, students will:

1. Get a sneak peek into the future, through explorations of schools, cities, jobs, data, and resources of the future.

2. Discover and recognize the impact of individual actions on environments of our homes and communities, social wellbeing of people, economics of countries, and the world as a whole.

3. Reflect on their own choices and actions, and think about how they can become positive agents of change.

أهداف التعلم:

رحلة "عالم الفرص" نسعى من خلالها إلى تشجيع الطلاب على:

1. إلقاء نظرة خاطفة لاستكشاف مستقبل المدارس والمدن والوظائف والبيانات والموارد المختلفة.

2. الإطلاع على تأثير الممارسات الفردية على منازنا ومجتمعاتنا والرفاهية الاجتماعية والأفراد بالإضافة إلى تأثير هذه الممارسات على اقتصاد الدول والعالم بأسره.

3. التأمل في اختياراتهم ومارساتهم وتوجههم ليصبحوا قادة التغيير نحو الإيجابية.
LEVEL: KG/FS
DURATION: 2.5 HOURS
GUIDE: PROVIDED
ACCOMPANYING ADULT* TO STUDENT RATIO: 1:5

LEVEL: CYCLE 1/ PRIMARY SCHOOL
DURATION: 3 HOURS
GUIDE: PROVIDED
ACCOMPANYING ADULT* TO STUDENT RATIO: 1:10

LEVEL: CYCLE 2/ MIDDLE SCHOOL
DURATION: 3.5 HOURS
GUIDE: PROVIDED
ACCOMPANYING ADULT* TO STUDENT RATIO: 1:15
